

AI Powered Business Intelligence For Evolving Retail

Powered by

TurnB

ScanB, crafted by TurnB's retail experts, is an AI-enabled retail analytics suite transforming business intelligence and decision-making. With intuitive dashboards and enriched insights, it empowers teams at every level to act faster, smarter, and with confidence.

**2x Faster
Decision Making**

**40% Less
Manual Effort**

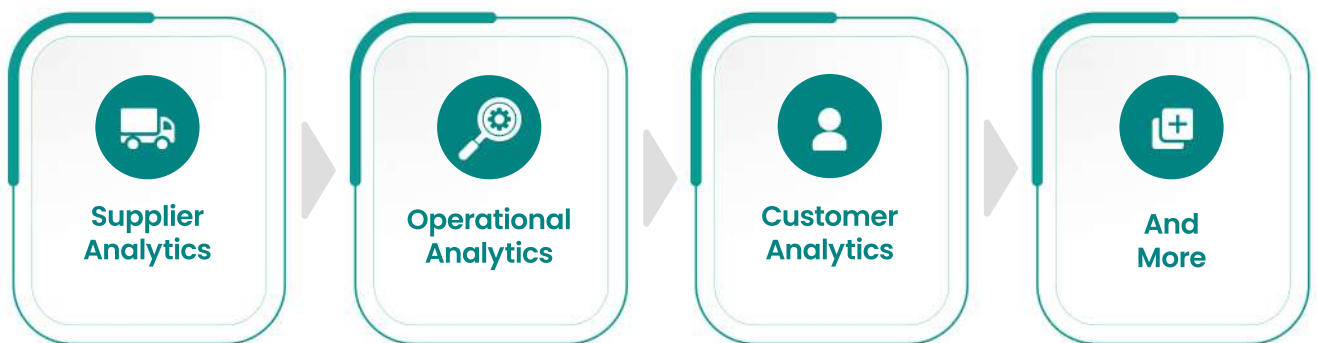

3x ROI

Uncover **ScanB's** Game-Changing Advantages

- **Quick Deployment:** Plug, Configure, Play.
- **AI Powered:** Provides instant, context-specific insights beyond dashboards through natural language queries.
- **Product Scanning:** Gain 360° visibility into product performance insights just by a barcode scan.
- **High-level Security:** ScanB leverages Microsoft Azure AD for advanced security and authentication. It operates only on authorized IP addresses and offers role-based access management.
- **Microsoft Stack:** Built utilizing Microsoft's sophisticated Power BI platform for advanced analytics capabilities.
- **Subscription Model:** Delivered as a fully managed service with monthly subscription, enabling access to ready-to-use dashboards.
- **Training Modules:** ScanB includes built-in video tutorials for each dashboard, enabling users to access on-demand training.

ScanB harnesses the potential of a unified retail intelligence platform, offering insights that optimize the entire retail ecosystem

Beyond standard pre-built dashboards, the **ScanB** team provides flexible services to add new metrics, expand report views, create custom dashboards, and customize visuals, ensuring each client's unique and evolving business needs are met.

Embrace ScanB Intelligence to drive smarter meetings

Trust TurnB Expertise

TurnB, the developer of ScanB, serves as your strategic partner in achieving business excellence through data analytics. With over a decade of experience working with Fortune 50 clients and retail giants in GCC, we understand business problems and leverage the power of data analytics to deliver data driven solutions. TurnB seamlessly integrates advanced analytics services and robust Software as a Service (SaaS) offerings to effectively tackle the complexities and demands of modern business landscapes.
